# Targeting Mitochondria 2012 – The place to be!

After the success of the two previous editions held in November 2010 and October 2011, the Scientific Committee of the International Society of Antioxidants in Nutrition and Health (**ISANH**) is pleased to organize the **2<sup>nd</sup> World Congress on Targeting Mitochondria** which will be held in **Berlin in November 8-9, 2012**.

Mitochondrial dysfunctions are associated with much pathology such as cancer, diabetes, neurodegenerative diseases, migraine, infertility, kidney diseases, liver diseases, toxicity of HIV drugs, aging...

It is becoming a necessity and an urge to know why and how to target mitochondria with bioactive molecules, drugs or nutrients in order to treat and prevent pathologies and chronic diseases.

During **Targeting Mitochondria 2012**, we will draw the attention to many contradictions and provide answers and perspectives of mitochondrial use as a target. The aim is also to highlight its applications and potential strategies in the prevention and treatment of many chronic diseases and pathologies.

## Programme

**Session 1:** Mitochondrial dysfunctions in chronic diseases: recent advances and conclusions

**Session 2:** Devices & Mitochondria: Innovations & New Opportunities: Methods and instruments to evaluate Drugs, Cosmetic, Nutraceutical & Nutrients' efficacy on Mitochondria

**Session 3:** Strategies to target mitochondria : Recent Clinical data and potential Therapeutic Studies

**Session 4:** The Mitochondria Engineering concept: Challenges & Limits

Targeting Mitochondria 2012 will be the best occasion to gather all specialists to clarify the huge amount of information and confront the different school of thoughts.

Targeting Mitochondria 2012 will be held under the patronage of **the International Society of Antioxidants in Nutrition and Health** (ISANH), **the French Society of Antioxidants** (SFA) and the **Japanese Society of Antioxidants** (JSA).

# Targeting Mitochondria 2010 & 2011

## Successful Events!

### Attendees

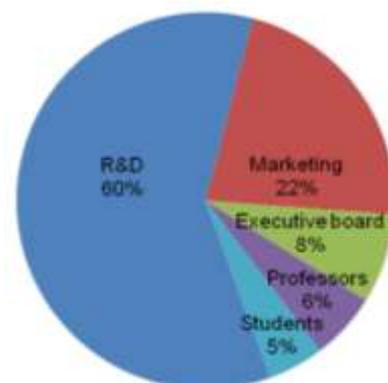

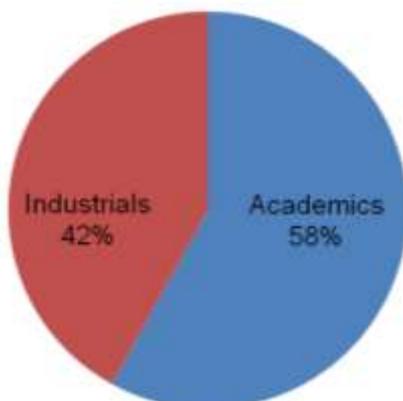

The 1<sup>st</sup> edition of **Targeting Mitochondria 2010**, was held in Berlin on November 18-19 and was a big success and brought together 135 persons coming from 26 countries all around the world.

The 2<sup>nd</sup> edition, held in October 20-21, 2011 and was a bigger success than the the first edition with more than 150 persons from 22 countries.

As you can see below, attendees came from different kind of departments in companies, or were academics.

### Functions of Attendees of 2010 & 2011 Conferences

## **Scientific Contribution Awards**

At the end of each conference, the Scientific Committee of Targeting Mitochondria awarded high quality speakers for their scientific contribution:

*Pr Vladimir P. Skulachev, Moscow State University, Russia*

*Pr Volkmar Weissig, Midwestern University College of Pharmacy Glendale, USA*

*Pr Valerian E. Kagan, University of Pittsburg, USA*

*Dr Daniela Arduino, Coimbra University, Spain*

Two companies discerned also two awards to attendees who presented their work:

*Ninapharm* awarded **Dr Yama Yamada**, *Hokkaido University, Japan* for his scientific contribution

*Noxygen Science Transfer & Diagnostics* awarded **Dr Gilles Casano**, *from University of Aix-en-Provence, France* for his educative contribution

## **Among Targeting Mitochondria Sponsors**

The following companies trusted us in 2010 & 2011:

- ***Bioquanta***
- ***ICDD***
- ***Seahorse Bioscience***
- ***Scientific Devices Heidelberg***
- ***Ninapharm***
- ***Noxygen Science Transfer & Diagnostics***
- ***Luxcel Bioscience***
- ***Enzo Life Sciences***
- ***Mitotech SKQ***
- ***Myltenyi Biotech***
- ***Abcam***
- ***Oroboros Instruments***

If your company is interested to support Targeting Mitochondria 2012, please find here all opportunities.

# Targeting Mitochondria 2012

## The Perfect Opportunity

Targeting Mitochondria 2012 will offer you:

### **An opportunity to introduce your company**

Targeting Mitochondria 2012 offer you the possibility to make known and **promote your company**, its goods and services. Several means are available to communicate to a large public: to **have your logo in all communication supports** (abstract book and website), to have **exhibition stand at the conference...**

### **An opportunity to develop your knowledge**

Targeting Mitochondria 2012 congress is perfect opportunity to continue and **ensure your technology watch**: academics, officials and managers from different companies will be there to present their **latest advance and their potential applications**. This is the best way for you to **build new product ideas**, or to **be aware of the latest changes** in regulations or scientific advances.

### **A place to meet your partners**

During those two days of Targeting Mitochondria 2012 congress you will have the time to **discuss with your partners**, to know their own vision of the future, and what they think about new products or new ingredients. To **be in touch with you suppliers and retailers** is the best way to **maintain your network** and have an idea of what the future of your market will be before everyone.

### **A moment to grow your network: the Network Session**

During Targeting Mitochondria 2012 congress, industrials and academics from all countries and specialties come to listen and learn more about their subject. It is a perfect moment to meet people who can bring you **new opportunities**, or help you to solve a problem. As shown on the graphic below, you can get in touch with manager as well from Marketing or R&D department.

A tailored network session is organized for companies and sponsors, who can achieve the face-to-face contact that overcrowded trade shows cannot deliver.

### **A time to know more about your competitors**

During Targeting Mitochondria 2012 congress you can hear and meet your partners but also your competitors. They could be sponsors, but also speakers or attendees. You will be able to discuss with them, to compare your products and to have a picture of their goals and targets.

**Targeting Mitochondria 2012 will be an excellent platform to initiate news business relationships with companies looking to source the latest innovations, perspectives and visions on Targeting Mitochondria. With tailored networking, sponsors can achieve the face-to-face contact that overcrowded trade shows cannot deliver.**

# Opportunities for Companies

Please find here all opportunities to support  
Targeting Mitochondria 2012.

Opportunities	Golden Sponsor	Silver Sponsor	Bronze Sponsor
Your Logo on all communication supports (abstracts book and conference website, with a hyperlink to you company homepage)	X	X	X
Exhibition stand outside the conference hall: 6m <sup>2</sup> area with 1 table (2,20m x 0.80m), 2 chairs and 2 poster panels (1m x 0,70m)	X	X	X
A full Page ad in the conference abstracts book	X	X	
Insertion of promotional material in attendees bags	X	X	
Sponsorship of the lunch and coffee break (with logo and acknowledgements)	X		
Free registrations	X (4)	X (2)	X (1)

*You have also the opportunity to have individual offer.*

## Targeting Mitochondria 2012

### Network Session

To accelerate and promote networking on the Mitochondria Research field, Network Session will be held to establish collaboration between academics, companies...

All the actors of the chain will be here to help you developing your business when you need it the most.

These sessions will offer the opportunity to develop your business:

- ✓ Meet with key opinion leaders
- ✓ Connect with researchers and discuss scientific collaboration
- ✓ Inspire innovations, and hear opinions from market insiders
- ✓ Establish contact with new clients and distributors

To participate to Network Session,

please fill the following form and send us back with your registration form

by fax to: +33 1 55 04 77 57 or by email at [mitochondria@targeting-mitochondria.com](mailto:mitochondria@targeting-mitochondria.com)
